FILLINK SOL MAX BULK

Fillink SOL MAX are high quality, ecosolvent based pigmented inks developed specifically for ecosolvent printers such as **Agfa Grand Sherpa Universal, Mutoh Rockhopper/Valuejet, Roland Soljet/Versacamm** printers equipped with refillable cartridges or bulk-ink systems

Features & benefits:

- Non toxic inks for use in unventilated environment
- High end pigment for **2 years outdoor** durability
- **Vibrant colours** for increased colour gamut
- Small pigment particle size for keeping the **print-heads clean**
- Compatible with standard substrates (PVC, SAV, Paper, Textile)
- Fast drying time for best performance
- Enhanced print adhesion and chemical resistance
- ICC profiles available for a wide range of substrates for all printers
- Miscible inks for easy change-over

Quality control (ISO 9002)

- Fillink guarantees product consistency batch after batch (colour density, viscosity, particle size...)

Unique comprehensive warranty:

- Fillink guarantees that Fillink inks are formulated for best performance on the specified printers
- Fillink guarantees outdoor durability of 2 years without clear-coat and 5 years with Fillink clear-coat

Installation Instructions:

SOL MAX ink can be used on Mutoh Rockhopper/Valuejet and Roland Soljet/Versacamm printers

- Refillable cartridges:
 - Clean the refillable cartridges carefully with SOL MAX cleaning fluid
 - Flush the system with the original flushing fluid
 - Flush the system with SOL MAX cleaning fluid
 - Fill up the refillable cartridges with Fillink ink
 - Fill up the ink system on the printer
 - Install new ICC profiles supplied by Fillink for best performance
- Bulk ink system: See bulk ink system installation instructions
- ICC profiles are available on www.fillink.com

Part numbers (ink bottles and refill):

Product Name	Colour	Bottle Size (litres)	Part #
SOL MAX	C	1	I EPMX / C / 04
SOL MAX	M	1	I EPMX / M / 04
SOL MAX	Y	1	I EPMX / Y / 04
SOL MAX	K	1	I EPMX / K / 04
SOL MAX	LC	1	I EPMX / LC / 04
SOL MAX	LM	1	I EPMX / LM / 04
SOL MAX	CF	1	I EPMX / CF / 04

Ink compatibility:

FILLINK supplies smart cards for Mutoh Rockhopper II (220ml) and III (1L) and chips for Roland Soljet ProIII and Versacamm (440ml).

Mutoh Rockhopper II card	RHCRD / col / C2
Roland Pro III chip	ROCH4 / col / C4

Rockhopper III	
CARD KIT 4C	SFCH / 4C / 38
CARD KIT 6C	SFCH / 6C / 38
CARD KIT CF	SFCH / CF / 3
